History of GAMVOC

GAMVOC ACADEMY is a vocational academy established to train and upskill building artisans and craftsmen in line with NSVQ vision using NBTE occupational standards curriculum. GAMVOC Academy is registered with Corporate Affairs Commission as a limited liability company. It was solely owned but entered into operating partnership with Oyo State Chapter of Nigerian Institute of Building.

GAMVOC ACADEMY situates on 1 acre of land at Babamogba Village, Ikereku, Akinyele Local Government area. The village is an accommodating enclave, ready to receive the candidates for training.

There are large work space area with possibility of additional land for expansion.

There are currently two buildings on the site already completed.

1. Academy Guest House
2. Academy Workshop

Academy Workshop

The workshops currently will have:

- a. Masonry and concreting workshop
- b. Carpentry and Joinery/Furniture making workshop
- c. Paint making, Painting and interior decoration workshop
- d. Plumbing and electrical workshop
- e. Tiling and aluminum smelting and fabrication workshop
- f. Welding and fabrication workshop

There are 2 large halls in the currently finished workshop building to be partitioned into these outlined workshops.

There is administrative office/reception area. 5mx 3.6mat the front of the workshop hall building.

There is also a medium size library space of about 5m x 3.6m

There are 2 modern toilets convenciency for males and 2 modern toilets for female candidates.

A provision of a shower room was made available for each of the gender.

Academy Guest House

The Academy Guest House comprises of 10 guest rooms ensuite. Serviced with a generator and Solar inverter incase of PHCN failure.

Each room is kitted with a standard bed size with comfortable foam mattresses. The guest rooms are wired electrically and provisions made for installation of TV sets and cable TV when program commences. All the conveniences are functional and water system.

CAR PARK

There is adequate provision made for car park. The car park can reasonably accommodate 10 cars.

Introduction GAMVOC Academy Skills Centre

Skills development is highly important for various reasons. Here are some of the key reasons why GAMVOC IS INVOLVED in skills development.

1. **Enhances employability:** Skills development is crucial in today's rapidly changing job market. By constantly updating and acquiring new skills, GAMVOC enables individuals to enhance their employability and increase their chances of getting hired or promoted.
2. **Increases productivity:** Developing skills allows individuals to become more proficient in their work. This increased expertise leads to higher productivity levels, as individuals can complete tasks more efficiently and effectively.
3. **Promotes career advancement:** Skills development can open up new career opportunities and facilitate career advancement. With a diverse skill set, individuals can seek out new roles, take on more responsibilities, and progress in their career paths.
4. **Boosts confidence and self-esteem:** Gaining new skills and abilities can significantly impact one's confidence and self-esteem. As individuals acquire new knowledge and master new competencies, they become more self-assured and capable, leading to overall personal growth.
5. **Enables adaptation to change:** In today's dynamic and ever-changing world, being able to adapt to new technologies, trends,

Introduction GAMVOC Academy Skills Centre

and practices is crucial. Skills development ensures individuals can stay up-to-date and adaptable, enabling them to succeed in an evolving environment.

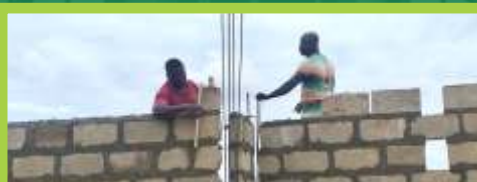

6. Enhances problem-solving abilities: Developing skills often involves improving problem-solving and critical thinking abilities. These skills are highly valuable in both personal and professional settings, as they help individuals analyze situations, make informed decisions, and overcome challenges.

7. Fosters innovation and creativity: Skills development encourages individuals to think outside the box and explore new ideas. With enhanced skills, individuals can approach tasks and problems from different perspectives, leading to innovation and creative solutions.

8. Builds resilience: Developing skills requires dedication, perseverance, and a willingness to learn. Through this process, individuals build resilience and the ability to handle setbacks and failures. This resilience can be transferred to various aspects of life and be a valuable asset in overcoming obstacles.

9. Increases job satisfaction: When individuals develop skills and perform well in their roles, they tend to experience higher job satisfaction. By continually building and refining skills, individuals can find fulfillment and a sense of purpose in their work.

10. Contributes to personal growth and fulfillment: Skills development is not only beneficial for professional success but also for personal growth and fulfillment. Acquiring new skills allows individuals to pursue their passions, expand their knowledge, and enjoy a sense of achievement. Overall, skills development is essential for individuals to remain competitive, adaptable, and successful in today's fast-paced and ever-changing world. It plays a significant role in personal growth, career advancement, and overall well-being.

GAMVOC Mission Statement

At the Academy, our mission is to empower individuals through comprehensive and relevant skill training, fostering personal and professional growth. We are dedicated to providing high- quality education and practical training across various industries, allowing our students to excel in their chosen fields.

GAMVOC ACADEMY focus is on equipping our students with the practical skills, knowledge, and industry insights needed to navigate and thrive in the ever evolving job market. We believe that continuous learning is key to success, which is why we offer a range of courses and programs that are tailored to meet the needs and aspirations of our students.

GAMVOC strive to create a dynamic and inclusive learning environment, where students from diverse backgrounds can collaborate, engage, and exchange ideas. Our team of passionate and experienced trainers are committed to delivering interactive and hands- on training sessions that foster critical thinking, problem-solving skills, and resourcefulness.

At **GAMVOC Academy**, we value accountability, integrity, and innovation in everything we do. Our aim is to cultivate a strong sense of self-confidence and self-reliance in our students, enabling them to become leaders, entrepreneurs, and valuable contributors to their communities

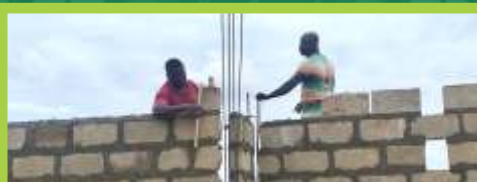

Final Mission Statement

Ultimately, our mission is to empower individuals to unleash their full potential, opening doors to new opportunities and creating a lasting impact on their personal and professional lives. Through our exceptional training programs, we aim to inspire a lifelong passion for learning and a drive for continuous growth, ensuring our students are well-prepared for the challenges and opportunities of the construction industry.

Our Mission Statement

Our vision at GAMVOC Academy is to empower individuals with the knowledge, tools, and skills necessary to thrive in a rapidly evolving world. We envision a society where every individual has opportunities for personal growth and professional success, regardless of their background or circumstances. Through innovative and comprehensive training programs, we aim to bridge the gap between education and industry needs, equipping learners with vital skills and competencies to flourish in the modern workforce. We aspire to be a leading institution in providing cutting-edge training solutions that drive socioeconomic progress, enhance employability, and foster lifelong learning. Together, we will unleash the full potential of individuals, empowering them to shape their own bright futures and contribute to the development of a prosperous society.

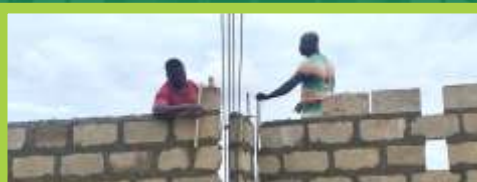

Ownership Structure

GAMVOC Academy is a reputable skill up training academy owned by Dr. Olufemi E. Akinsola, who has 35 years of experience in lecturing Building Technology at a polytechnic. With his vast knowledge and expertise in the field, Dr. Akinsola aims to provide high-quality training and education to aspiring individuals who wish to excel in various vocational skills. However, the center is partnering with Oyo State Chapter of Nigerian Institute of Building (NIOB) to jointly run the centre. The Proprietor provides all the infrastructures, Land, Buildings and equipment. The proprietor in partnership with the NIOB

The academy will be managed jointly by the duo of Builder Lade Olugbade and Bldr. Lucky Isename, certified professional in quality assurance both with extensive proficiency in plumbing works, electrical works, masonry and concreting works, carpentry and joinery, as well as painting and interior decoration, Builder Isename and Olugbade will ensure that each student receives comprehensive training in their chosen skill.

GAMVOC Academy takes pride in its commitment to offering practical, hands-on training that allows students to gain relevant experience and expertise. The academy boasts state-of-the-art facilities, equipped with the latest tools and equipment necessary for effective learning in a simulated real-world environment. This ensures that students are well-prepared for the demands and challenges they may face in their respective industries.

The skill up training programs at GAMVOC Academy are carefully designed to cater to the interests and needs of individuals from diverse backgrounds. Whether one wishes to enhance an existing skill or venture into a completely new field, the academy offers a wide range of courses to choose from. From basic introductory programs to advanced levels, students can select the duration and intensity of their training according to their preferences.

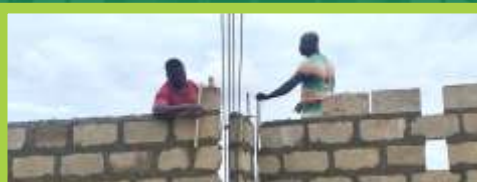

Ownership Structure

To further enhance the learning experience, GAMVOC Academy collaborates with industry professionals and experts who serve as guest lecturers and provide valuable insights into the current practices and trends. This ensures that students are exposed to the most up-to-date knowledge and techniques relevant to their chosen skills.

Upon successful completion of their training, students at GAMVOC Academy receive industry-recognized certifications, which significantly enhance their employability and career prospects. The academy also offers career counseling and guidance to support graduates in their job search and professional development.

GAMVOC Academy prides itself on its commitment to excellence and the success of its students. By providing top-notch vocational training in various skills, the academy aims to empower individuals to realise their full potential and excel in their chosen fields. With the guidance of experienced professionals and the provision of high-quality facilities, GAMVOC Academy stands as a premier institution for skill development and training.

Founder's Bio

BLDR (DR) OLUFEMI E. AKINSOLA FNIOB, FNIBIFM

was born on febraury 2nd 1960 at Babamogba Village to Pa Gabriel Akinsola Modupe a master bricklayer and by default Dr Olufemi E. Akinsola was trained as a bricklayer and later a draughtsman before enrolling in Yaba College of Technology for National Diploma in Building Technology in 2001 and obtained both ND and HND in Building Technology at Upper Credit.

was born on febraury 2nd 1960 at Babamogba Village to Pa Gabriel Akinsola Modupe a master bricklayer and by default Dr Olufemi E. Akinsola was trained as a bricklayer and later a draughtsman before enrolling in Yaba College of Technology for National Diploma in Building Technology in 2001 and obtained both ND and HND in Building Technology at Upper Credit.
